FROM THAILAND TO THE WORLD

PRESS KIT / 2026

ABOUT

FL!M

Born in Thailand and based in the South of France, FL!M is a DJ, producer, label owner, and booking agent with more than two decades of experience in electronic music. His sound is rooted in techno, combining driving grooves, hypnotic rhythms, and powerful peak-time energy with influences from acid, melodic, and underground club culture.

Having lived in Thailand, Canada, the United Kingdom, and France, FL!M has developed an international perspective that shapes both his music and performances. Beyond the DJ booth, he is the founder of Maetta Records and Audience Come Last, continuously supporting new artists while releasing music on respected labels including Tronic.

Whether performing in clubs and festivals or producing in the studio, FL!M focuses on creating music that connects people through rhythm, energy, and emotion.
